

Hey guys! Starting tomorrow I will be publishing (one per day) a Taylor Swift top favorite songs per album. I will do each album in order, starting with debut. It will be TV, no originals. Different editions count though. So they will be a separate day for each. It should be done in maybe 2-3 weeks, depending on if I forget. (Weekends might be an exception.) If you're a Swiftie, then remix them!
