

Keven's
quest #2

“...”

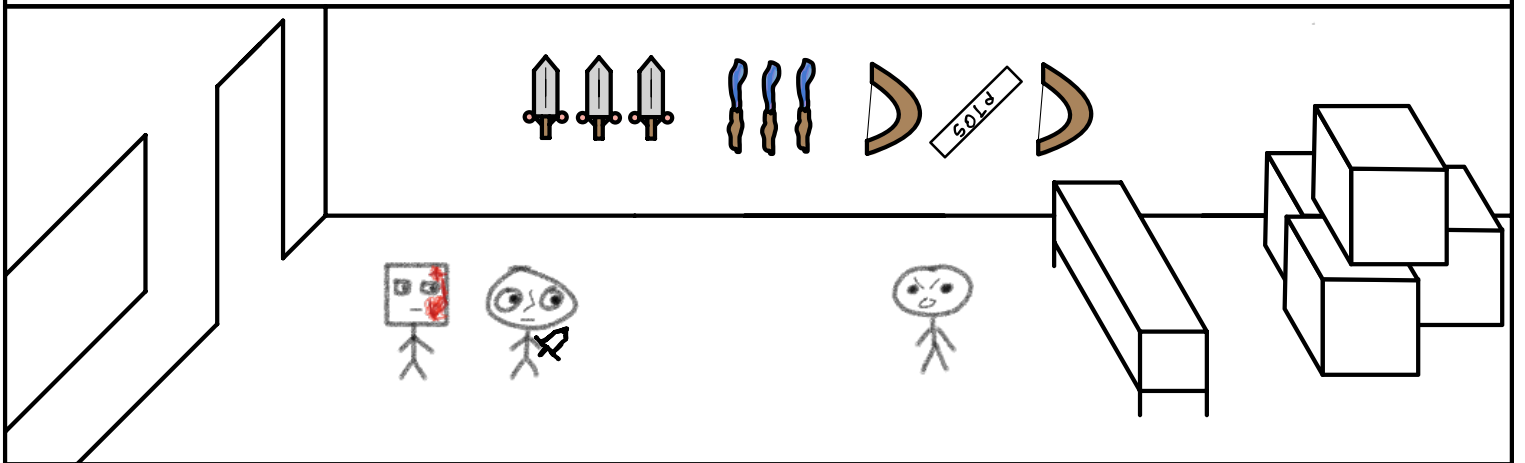

“I think I've found my passion”

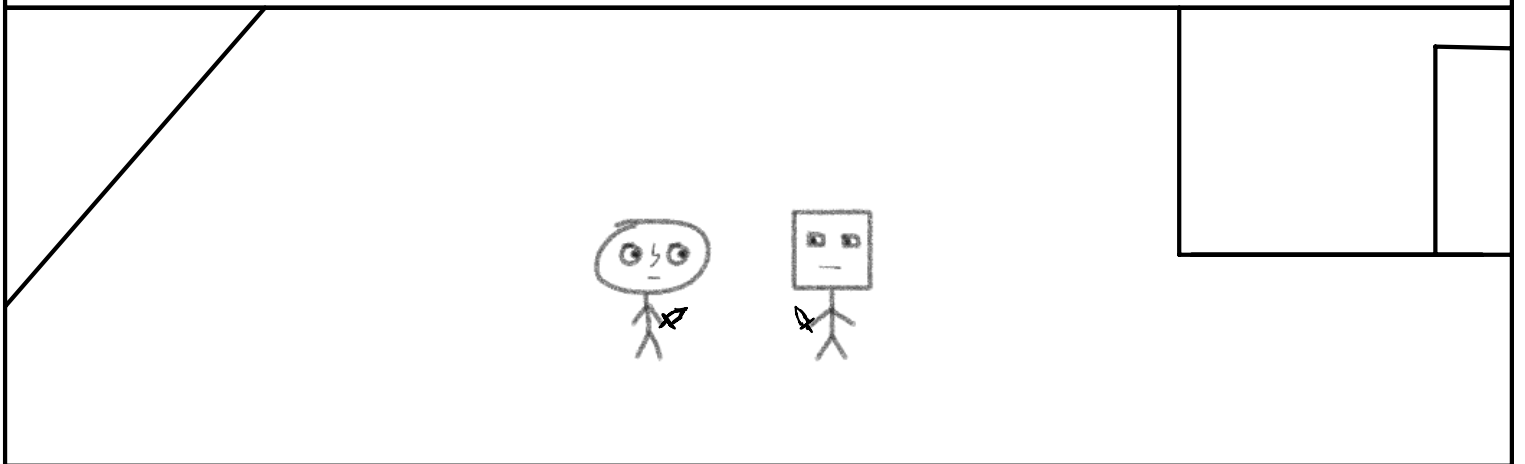

“...”

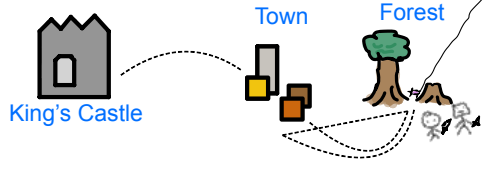

(After their encounter in the Forest, Keven, heads back to Town in hopes of finding a new weapon for Square Guy!)

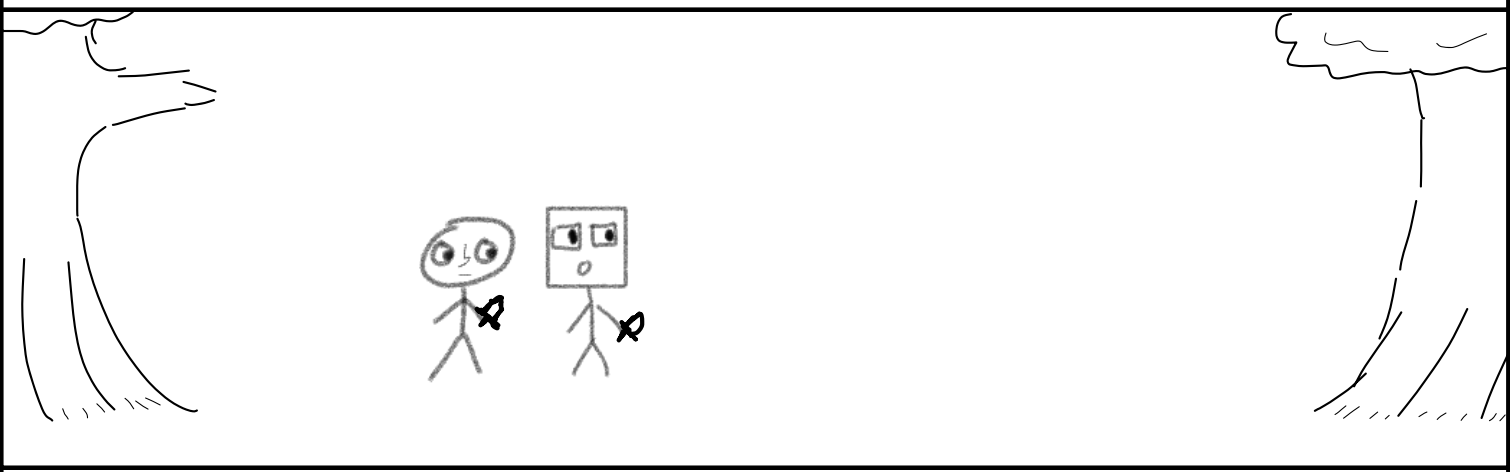

"No I will not make you another magic sword! Do you know how dam long it took me to make the first one!"
"Get the hell out of my shop and for the love of the gods clean that blood off your face!"

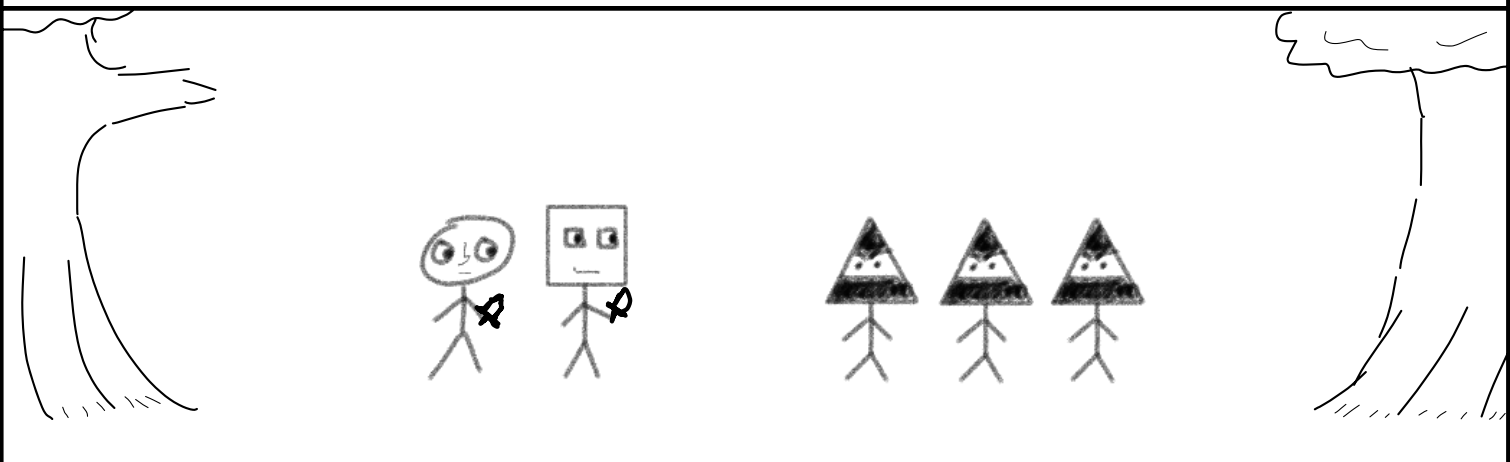

(And so Keven and Square Guy went to a non-magical weapon dealer and acquired a new dagger)
(Also Square Guy cleaned his face)

(Once Square Guys new dagger was acquired, the team went back to the Forest!)

"Yo this trip through the forest sure be quiet and uneventful"

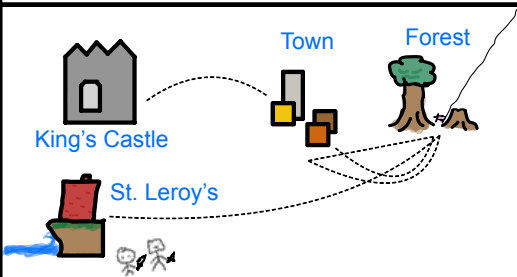

(Suddenly a gang of bandits appeared)
"Give us your crap or we'll attack" Said one of them

(Keven blinks)

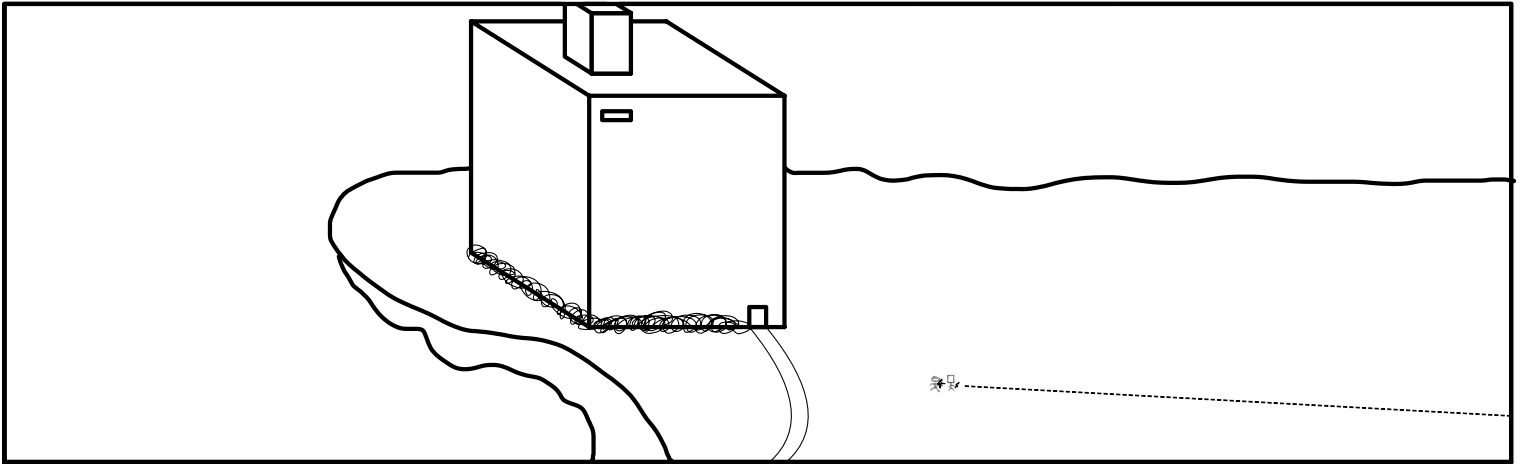

(When his eyes open the bandits are gone and Square Guy is inexplicably covered in blood)
(Keven starts to wonder about Square Guy's mental stability)

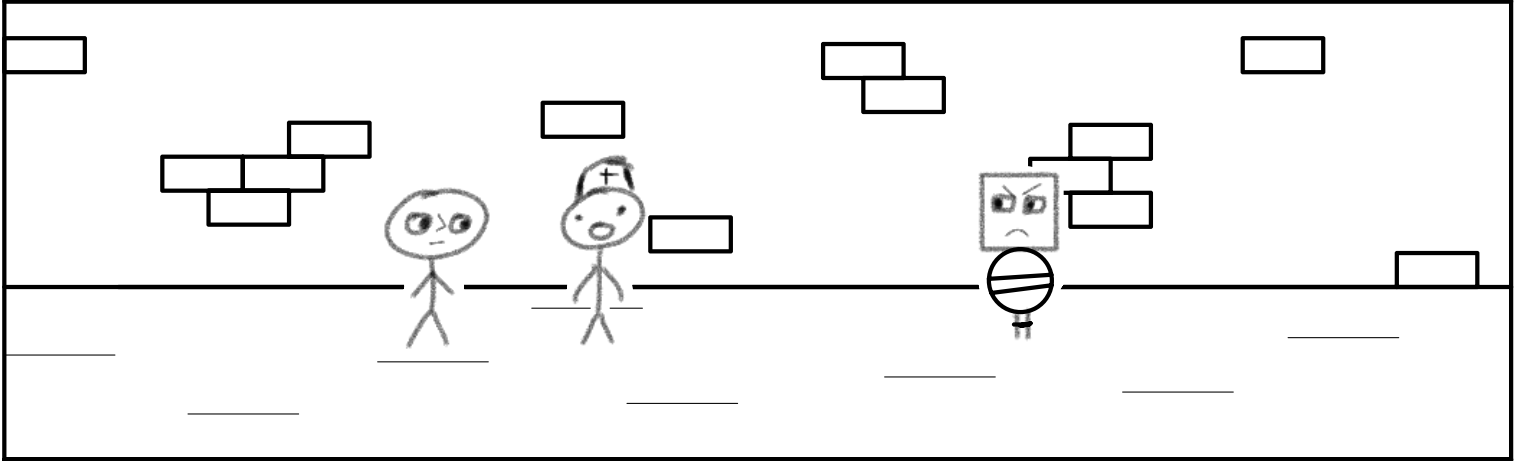

map

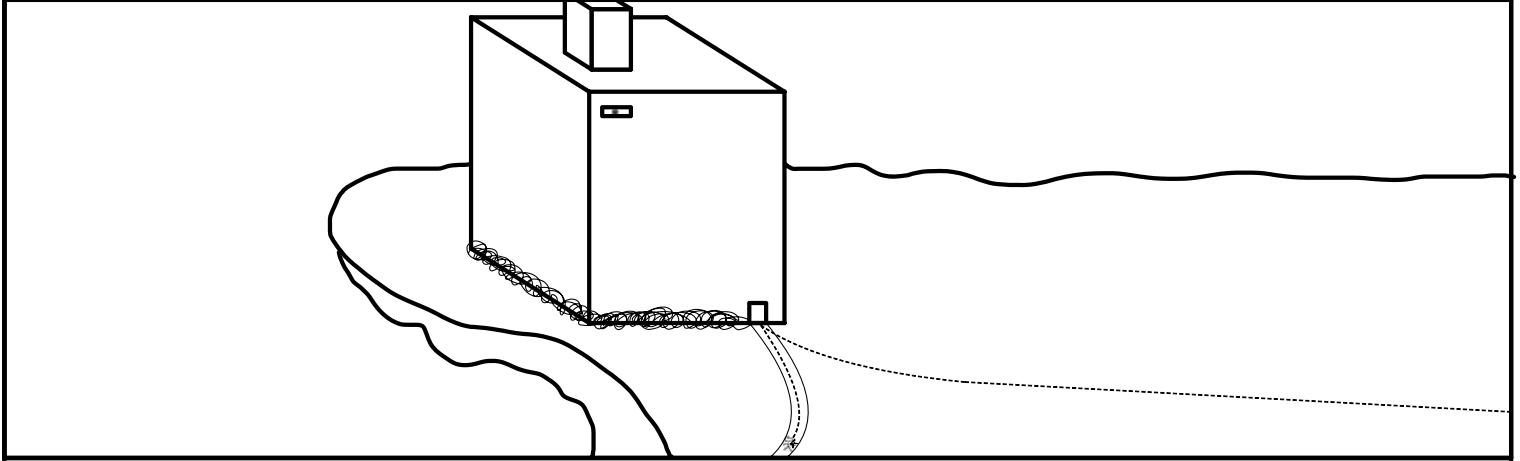

(Eventually this concern led Keven to take a detour to Saint Leroy's. Once a cliff side manor now a cliff side asylum)

"Wow what a big building! But why do we need to come here?" Said Square Guy

"Don't worry sir, he'll be perfectly safe here and we'll make sure he doesn't get back into society" Said the Nurse
"Ok" Said Keven

(And so Keven and Square Guy parted ways. As Keven walked away he felt like he could hear the harsh screams of a man vowing revenge but ultimately thought nothing of it)
