

i need help with these unfinished lyrics!

Pls im dum :(

NEVER KNEW

never knew i could be as happy as
i am today
never knew i could be so sad
i'm sober and i'm deathly stoned
and i feel i'm going mad

SO
YOU
SEE

UNTITLED

the stage is tumbling
off the set
it's rather humbling
to lose everything
even your voice
you can barely sing
it wasn't your choice
but you gotta bring
it back together
stay sunny in the rainy weather

BRASH

Can you hear me on guitar
i got the makings of a star
i'm confident and unafraid
in a year or two i'll have it made

ALL DARK

1 2 3 4 5 6 7 8 9
i saw the noonday sun disappear
the world got cold and all was dark
1 2 3 4 5 6 7 8
1 2 3 4 5 6 7 8 9
twenty seconds felt just like a year
and i felt loneliness again
1 2 3 4 5 6 7 8

MUSIC
IS
HARD

ideas i scrapped-

but maybe someone here can help
me save them?
