

These artists have really good songs but no one really knows about them 😞 Give these songs a listen and let me know what you think!

Carly Rae Jepsen

I'm sure you guys have all hear about her through one of her most famous songs: Call Me Maybe

1. Too much
2. Your type
3. Cut to the feeling

Cher Lloyd

Barley anyone knows about her, but her songs are so good!!

1. None of my business
2. Oath
3. Want you back

Lauv

I think he's from Europe? (Maybe not don't take my word for it) but he sang one of the songs in Elemental!

1. Like me better
2. Lonely eyes
3. Steal the show (from elemental)
