

Hi my berries,

Here is an easy recipe you can make for your dogs!

I do have a one for humans but I will need 8 likes on this post to post it.

How to make microwave strawberry bakes

For dogs:

Serves 1 big dog or 2-3 small dogs

What you need:

3 old or good strawberries

Flour 2/4 cup

Milk 1/4 cup

1/4 teaspoon baking powder

Mug or bowl

Spoon

Microwave

Step 1

Chop off the tops of 3 strawberry's (they won't need to be used so throw them out if you want)
finely chop the strawberries and put aside.

Step 2

mix together all dry ingredients then add milk. stir together with spoon.

Step 3

Put in microwave for 1 minute then at 30 seconds left open to let steam out once finished don't take it out but repeat the same thing (1 minute then at 30 seconds left open to let steam out) repeat as much needed.
