

Embarrassments

Don't
have
one 😊

being in the same
room as your
crush

Havent
been called
out but I'd
probably will
get kinda
scared

when a teacher yells
at you in front of
everyone

Especially
when you
know people
around you..

crying in front of
people

pg 2

I'm too
busy dieing...

throwing up in front
of people

Kinda...

having your parents
around when you're with
your friends

I start
crying even
when im
called....

public speaking

ehh...

well people
wont use me
for answers 😊

You raise your
hand and answer
wrong

Not really

You say/ask
something really
stupid out loud

im
RUNNING!

You call someone by
the wrong name

What yall
looking at?

You say something
to your friend as
the class goes
quiet

bud... I
have to explain
it!

Nobody
laughs at or
understands
your joke

I blame
my parents
when they finally
say.. what is

You say something
multiple times but
still aren't heard
