vollyballgrl 46 minutes ago ...

You know what @la842546, no I won't take this down because 1 you thought I was your friend but I'm not 2 your making this a giant deal and 3 I'm sick of your "give credits or else!"

la842546 36 minutes ago
this true. i agree.. i guess

Stay sick then, it's a normal rule every artist uses never asked for credit because i didn't want my art reposted to begin with. You didn't ask for permission and I still let you keep it up. "You thought I was your friend" you literally asked me to??

la842546 25 minutes ago
agreed ig. ...

The character you colored is ME, I'm not black. The character isn't yours. What you did is called black-washing.

la842546 20 minutes ago
i guess ...

Good! They can see this for all I care, they will know you black-washed a drawing of me! I am not black!

la842546 17 minutes ago
i guess i agree? ...

@girlpoprules She blackwashed me it's not cute

la842546 35 minutes ago
She was "i dont repost" as a rule. ♡ just take it down, this is annoying. ...

Anyone else seeing this, this art piece belongs to me, she took it and colored it without my permission and I was kind enough to let her keep it up for a while! It's a clear rule on my profile not to.

la842546 34 minutes ago
i dont think she knew but im sorry. ...

Even more, you black-washed my character.

la842546 9 minutes ago ...

@girlpoprules she's the one being racist, she changed the skin tone of a drawing of ME! You can have opinions, but there's a difference when it comes to facts. It's a fact that black washing is wrong! And that's what she did. Credits doesn't change it.
