

Hi my berries,

Here is an easy recipe you can make for your dogs!

I do have a one for humans but I will need 8 likes on this post to post it.

For dogs:

Serves 1 big dog or 2-3 small dogs

What you need:

Step 1

Chop off the tops of 3 strawberry's ( they won't need to be used so throw them out if you want)  
finely chop the strawberries and put aside.

Step 2

mix together all dry ingredients then add milk. stir together with spoon.

Step 3

Put in microwave for 1 minute then at 30 seconds left open to let steam out once finished don't take it out but repeat the same thing ( 1 minute then at 30 seconds left open to let steam out ) repeat as much needed.
