

Chapter 6

Back to present

I hug the fabric closer, immediately taking in the scent of him still on it, and immediately start to cry again. My phone starts to ring and i ignore it, until it goes to voicemail and i hear his voice. I immediately pick up the phone and answer it. “Brandon...Is that really you...?” i whisper, immediately getting a response “Yes...yes, it is Court...” “Why...why would you do this...” i whisper between sobs only for him to whisper back “I’m sorry...i’m so sorry, mi amor...” “I need you, you big idiot...” i whisper into the phone, noticing he’s crying too now. “I know you do...” he says and i respond with “I love you...” my voice just below a whisper. “I know you do, baby...I love you too...” He says, his voice now cracking. I can tell he’s trying to stay strong at this point. “Just... come home to me, okay baby...?” i say, trying to do the same. “I will, sweetheart...I have to go now, okay?” He says and i respond with “Okay...Goodbye, baby...” “Goodbye, my love...” he says before i hear the line cut.
