

When life gives me lemons I watch All About Lily Chou Chou
When life gives me limes I read It's Lonely At The Centre Of The Earth
When life gives me oranges I listen to Solitaire
When life gives me mandarins I watch Tokyo Godfathers
When life gives me clementines I throw them away
When life gives me strawberries I read Beneath The Trees Where Nobody Sees
When life gives me apples I watch The Case Of Hana & Alice
When life gives me bananas I curl up into a ball and cry (bananas are nasty)
