

The Feather And The Bone

By Austin Mahaney

Intro: hello my name is Austin and I'm gay and I'm a furry, I'm to scared to tell my parents and I'm embarrassed to tell my friends and this is the story how I met someone that helped me

Chapter One

I woke up one morning, it was a normal morning in h*ell. I was hoping to see my girlfriend named Abby but she told me when I walked in the class that we were done. It was so sad because I lost a good friend of the family named shifter. She also turned around on me and got with someone else his user was sniperwyatt. I got on demonchat.com and started playing chess but the person I was going against was good. After the game we became friends and started talking. I found out we had a lot in common. He was an angel that loved wolves, I loved wolves but I loved foxes more, he also loved foxes. We became best friends, we both were furies. He was a wolf and I was a fox. We both found out each other was gay. And we also had another thing in common: our parents did not understand people that are gay.

Chapter Two

Me and sniperfox were talking about us being gay and about how our parents don't like gay people or that our parents didn't understand. Then we started to get to know each other a lot more. We found out we had a lot in common. So me and sniperfox told each other our names, so we didn't have to say our users. My name was Austin and his name was Wyatt. We started talking about furry things. Soon after I asked his are you from h*ell? He said no he's an angel. Me and him both gasped and started to freak out. (Austin: I can't believe you, are an angel I just can't believe it)said Austin (Wyatt: omg I'm talking to a demon I can't believe it) said Wyatt. Soon after they calmed down and they had too much of a strong friendship so they had to keep their friendships a secret.

Chapter Three

The next morning we waited until we were alone, then we jumped on chess.com and we started talking on and on. Hey umm I was wondering how are you today? said Wyatt, I'm fine I guess said Austin, Austin looked down and started to tear up. Wyatt noticed and started to talk. Are you sure you don't look well? Said Wyatt. I'm fine, said Austin and he started crying. Wyatt got close to Austin and hugged him. Austin blushed hard and his tail wagged fast. Wyatt noticed and he smiled gently, you're cute. Austin blushed very hard and hid his head in Wyatt's chest. Wyatt started to fall in love with Austin but tried not to do anything. Austin noticed something's wrong. Hey are you ok? Sad Austin. Yeah I'm ok, said Wyatt. Og I gtg said Austin and they went their separate ways.

Chapter four

Next morning I woke up sad because of my depression kicked in and I felt like not doing anything. Wyatt showed up and he noticed that I was depressed and gave me a hug. Hey are you ok? Said Wyatt. I said that I had depression and he understood and hugged me again. Why do you care? I said. Wyatt responded with a smirk on his face. Because I care about all of my friends, just like you. I blushed, well I'm g-g-glad I said. Why are you stuttering? Said Wyatt. I said I-

I-I-idk. Wyatt laughed and nuzzled me. I blushed harder. Wyatt looked at the time. Oh no I need to go now! Said Wyatt and he gave me one last hug and ran away. I said bye and looked away and cried.

Chapter Five

Later Wyatt texted me and apologized that he had to leave or saying what happened or what was wrong. I texted Wyatt back saying: it's ok you have to do what you had to do. Wyatt added a smile emoji (😊). I texted him and said, so what was important that you had to leave earlier?, if you don't mind me asking. He texted back and said that he had to go to training in heaven. Oh how'd it go? I texted him. He texted back saying, well it was ok I guess. I texted him back and said oh why do you say that? Well I got demoted to a blue belt in our training. I texted back saying sorry. Wyatt texted back saying that why are you sorry you shouldn't be. I texted Wyatt saying that I care about you just like I care about my friends and the same as you care about your friends and me. He said that that was cute. I waited because I didn't know what to say. I was blushing hard, and then I got the guts to tell him I'm not cute. Wyatt texted back saying ok and that he had to go and sent me a hug emoji and then he said goodbye and I'll talk to you later. I replied saying ok.

Chapter Six

I went to school and saw Wyatt getting bullied and I ran to the bully and punched him. Wyatt was on his knees crying. I gave Wyatt a hug and asked him, are you ok? He looked up with a bloody and a teary face and he said I-I-I-I'm ok now. I wiped his tears and took him to the nurse. She fixed him up and sent him out and I gave him a hug. Wyatt, why are you here in demon school? He said nothing.... I tried to help him out of the school and took him to my house, my parents aren't home so we can stay here. Wyatt stood in silence. I noticed something about him when I brought him home that he hasn't really said anything but "I'm ok now". Hey you can sit down I said. He sits down but says nothing. I go in to give him a hug and he blushes. He looks at me and says, I have something to tell you. Ok what's up I put my hand on his shoulder. Those guys were trying to kill me. My eyes turn blood red WHAT!!! His ears go down and he starts to cry. I notice it and I calm down and I hug him. He blushes and licks my cheek. Stop being so sweet he said, what do you mean by that I'm just caring for you I said. He looks away and he doesn't respond. I get on my knees and ask him, look I have a crush on you and I can't wait any longer to tell you. He blushes very hard and hides his face and says y-y-y-you do? I blushed and looked away and mumbled but so he could hear me, yes. He took my hand and kissed me on the lips, and I kissed back and wrapped my arms around him and we made out. He stayed over for the night because my parents never returned, and we slept together. It was a good night's sleep.

Chapter seven

I woke up before Wyatt and I thought I would take him on a date. So I got my clothes ready, and went to take a shower. He woke up and he went to the bathroom while I had no clothes on and he saw everything. I was completely shocked and embarrassed and me and him both blushed hard. He walked away and I fell to my knees. I wish he didn't have to see me like that. After I got out of the shower he was on the bed still blushing. H-h-h-hey I'm so so so sorry you had to see that. He looked at me and smiled well. I guess I would have to see it some time or another but I'm sorry it's my fault I should've knocked, said Wyatt. Do you know the reason I took a shower? He shook his head, no. I was going to ask you on a date. He blushed hard and looked away. R-r-really he stuttered. Yea I was and now I'm going to ask do u want to go on a date with me to the beach. He replied, yes I would love to. He kissed me on the cheek and walked to get a shower.

Chapter Eight

It was time for our first date and I was so nervous, I was worried how this date would turn out. He came to my house to pick me up and I blushed as I was walking to the door to answer it. Are you ready to go said Wyatt. I blushed hard and replied, yes I am. You look great Austin. I blushed harder and said thanks. We took off to the lower ring. I asked where we were going? He said a good place is called the demon fill. The Chinese/ American restaurant? He replied, yes it's a good restaurant and that he used to go there when he was little, because he and his younger cousin were demon. I replied with a little laugh and held his hand. It sounds like a good place, I said. It tastes really good ,but it's a little expensive. Oh we don't have to go there if you can't afford it I said. He said no this is our first date we need to take it all out. I sat there for a second and then replied ok. Here we are, Wyatt. Wow it looks so nice I said. Come on as he got out and waited for me to get out so he could lock the car. I got out and we walked in.

Chapter Nine

We walked in and it was fancy. The waiter said a table too. Wyatt replied to the waiter and said, yes please it's our first date. The waiter looked at us saying, aww that's sweet we have a discount for first dates right this way. The waiter took us to our table and asked what do you lovers want to drink? Wyatt said that he wanted a sweet tea and I said I wanted a Dr.Pepper. The waiter said ok well I will be right back go ahead and get your food but remember to eat all of it,

if you don't it will charge you, please don't leave any food on the plates you guys seem really kind. We both blushed and Wyatt said thank you ma'am same to you. She left and got us our drinks and we went to get our food. Wyatt came back with noodles, teriyaki chicken, and sweet and sour chicken. I came back with a pizza, teriyaki chicken, and sweet and sour chicken. Wow almost the same, said Wyatt. I blushed and agreed. We started to eat and I looked into his eyes and I swear I fell in love. He looked at me and said looked at me worried, are you ok Austin? I don't know, I feel weird. What do you mean said Wyatt. I look away blushing, I don't know I feel weird. He smiles softly, it's ok I think I know what's going on. I look at him blushing hard, y-y-you do? Yep you're starting to like me, said Wyatt. I blush and hide my face, yes I am but I think it's more than that. He started to blush when he heard that and patted my shoulder, it's ok, said Wyatt. I hid my face through my jacket and he giggled. After we finished eating he payed for the meal and we left.

Chapter Ten

I let him sleep at my house that night, because the portal to heaven closes at 8:00, so he stayed at my house and my parents were still gone. The next morning I woke up and I looked over and he was still sleeping. So I got up and shut the door, and walked into the kitchen to start breakfast. An half an hour later, he woke up and he looked over and didn't see me and he got worried. Hey Austin you there? Yes, come in the kitchen I have a surprise for you. Ok he said and he put a shirt on and walked into the kitchen. He gasped and his eyes widened in amazement and he looked at me. You didn't have to do this for me, he said. I looked at the floor and rubbed my right arm, yes I did, you took me out to dinner and it was expensive, so I repaid the favor. He blushed, is there anything I can help you out with? said Wyatt. Nope, go ahead and sit at the kitchen table. He nodded and did as I said, hey why are you wearing that? Said Wyatt. Oh this? I blushed, I used this maid outfit to clean the house and cook. Well, he blushed. You look really cute in the outfit. Said Wyatt. I blushed hard, and brought him his plate, here eat and stop making me blush. He smiled softly and nodded and started to eat. I walked to my room to change and came out in jeans and a T-Shirt. All right, let's eat and start eating. Later on we told each other stories to get to know one another. And then the day went by fast and it was time for bed.

Chapter Eleven

I woke up and I looked on my phone and saw a message from Wyatt saying that I went home, and I replied saying ok. I went to get on my xbox and I started

playing Call of Duty Black ops two. I started on multiplayer playing with the strongest demon players in a tournament, and I got 7,717 kills and 20 deaths, and I came so close to losing 1st but I killed the person before he could and I won. About 2 hours later Wyatt called me asking if he could come over and that he wanted to talk. I told him that I was playing Call of duty and that I'm not too busy but sure. He came over around 7:00 PM so that means we couldn't talk long or he would half the night, Which I didn't care anyway. He knocked on the door and waited patiently until I opened. I opened the door and Wyatt seemed sad and depressed. I told him to come in, and we sat on the couch. His ears were down and he was tearing up. I gave him a hug and his tail wrapped around me, what's wrong I said. He sighed and said, it's just I'm scared of what our parents will say and the heavens. Well I mean heavens are nicer than everybody done here I mean this is h*ell, I said. He nodded and agreed and replied, yeah i guess you're right, we went to bed together and fell asleep.

Chapter Twelve

I woke up the next morning, and he was still sleeping. I grabbed a piece of paper and wrote a note saying, I will be back, I'm getting something. I went to the chocolate store and got him milk chocolates. I came back and he was in the shower. I hid the chocolates in a bowl so I could give it to him for breakfast, so I grabbed two bowls and put the chocolates in one and the real breakfast eggs and bacon in the other. He gets out and walks into his room to get dressed. He comes out 5 minutes later, and walks to me, what's for breakfast? He asked. Open the container I said. He opened and blushed hard and his tail wagged. T-thank y-you so much. No problem and here's your real breakfast, and I hand him the container with his food. Thank you for the chocolate and T-the food, and started eating. I sat down and started eating. When we finished eating, we laid on the couch and cuddled, and watched tv. I fell asleep in his arms and was purring. He blushed and picked me up and laid me in my bed, and as he started to walk away, I whined and whimpered. He turned and smiled and came to me and kissed me on the forehead and laid next to me and we cuddled for 5 hours.

Chapter Thirteen

We woke up and it was midnight, and the only problem was we both were wide awake and we could not go back to sleep, so we decided to get dressed and go to a club called "Amorous" . It was an hour drive so we got dressed right away. When we got there it was packed but since I am on the vip list we was able to go in. We went straight to the bar and got some whiskey, we made some jokes and listened to the music. I asked the Dj if I could ask my band to come in and play for free and the Dj said yes. So I called my band and they

came in and we played my latest song called “darkness”. When my band got there Wyatt didn’t know who they were and asked me who they were. I said they're my band and we’re gonna play my latest song. So we got ready, getting the guitars tuned, and the drums set up, and our voices ready. When we were ready the bartender got up on stage and told the crowd “the demons” are ready and I hope y’all listen. When the song was done there were a lot of people throwing money at us and Wyatt was clapping. I told the co-singer if Wyatt could borrow your guitar and he said yes. I told Wyatt to come here, hey Wyatt have u ever thought about singing and playing a guitar? His eyes widened and blushed a little and then nodded. I gave him the guitar and I showed him the lyrics and the notes and we started to get ready for another song called, “I don’t care”. We started playing and after the song was done more people were throwing money at us. We got the instruments packed up and got ready to go. I gave the bartender \$50 dollars and told him thank you for letting us play. The bartender said, no thank you and come back and play anytime but make sure you call. We laughed and I took Wyatt to my house and when we got there he hugged me and kissed me deeply and said, thank you I had a great time and I want to do it again. I blushed and said, you’re welcome. We got in the shower and went to bed.

Chapter fourteen

We woke up next morning and wanted to go to stair bucks. So we got in the shower after we got out we got dressed and got ready to go. He hugged me and kissed me on the cheek. Aww thank you Wyatt, I said. We got in the car and it was cold, so I started the car and turned on the heater, then we walked back in the house and waited for the car to heat up. I turned on the tv and put it on a channel that had helluva boss on, we started watching it but the episode was almost over, so we waited in till the episode was over then we would go to stair bucks. We cuddled and nuzzled in till then. When the episode ended we got our jacket's and coat's on and walked out. I walked over to Wyatt’s door and opened it for him. He kissed me on the cheek again and I blushed, he smiled softly as he sat in the car. I closed the door and walked to the driver side and got in. I put it in reverse and backed out of the drive way, and drove to stair bucks. We got to stair bucks and it was packed, we got in and found a table for two and sat down waiting on the waiter. A waiter came to our table and asked what we wanted in a angered attitude. I asked the waiter why are you giving us attitude. And the waiter slapped me and said don’t you dare tell me that you can leave. My eyes turned red and the waiter disappeared. Come on Wyatt we can just make our own coffee, I said. He nodded and hugged my arm. And we got home and we cuddled in till nightfall and fell asleep

Chapter fifteen

We woke up and we were very close to one another like if we was one. He was purring and I thought it was cute because he didn't notice in till I licked his cheek. He blushed hard and looked away. I nuzzled into him and he blushed harder and smiled softly and looked back at me and held me. I yawned and nuzzled into him and fell asleep. He held me and he was so excited for some reason but he stayed quiet for me. I started to have a nightmare and he kissed me on the forehead and I calmed down. About an hour later I woke up. Mmmm~ I said. There's my sleepy head, said Wyatt. I nuzzled into him, I'm so sorry I-I didn't mean to fall asleep, I said. Hey hey your fine I don't care if you fall asleep as he hugged me and as his tail rapped around me. I blushed and kissed his chest. He blushed and nuzzled into me. Then the tell a phone rang and I answered it. It was my band saying that their was another concert that they made for me and Wyatt. I said ok where is it. They said it's on the 4th level in the middle, thanks to that bartender said my co-singer. I said ok meet you there. I told Wyatt we need to go. He looked confused, why, what happened, said Wyatt. We're going somewhere, don't worry about it, I said. So we got dressed and we was on our way.

Chapter sixteen

It's hard to get to the 4th level in h*ell because there are a lot levels, two many to count actually. But with the highways packed, it would of took us hours to get there to I just went back home and used the portal. When we got there it was packed, I never thought I would do a concert that it would be this packed. Wyatt told me that he was nervous and that he never preformed in front of this many people. I hugged him and said, you will be fine. I kissed him on the cheek and hugged him again. He started to get stage fright and hid behind the curtains. I went out on the stage and said, I can't believe I'm here right now, and it's because of all of you my fans and a not named bartender, but now I will introduce my boyfriend, Mr. Wyatt W. He started walking out slowly with his ears down and his tail in between his legs. I noticed and said to the crowd, let's hear it for Mr. Wyatt W. The crowd started to clap and cheer, and Wyatt's face started to blush and he softly smiled and his ears and tail went up in excitement. He grabbed a guitar and a guitar pick and walked out to the mike and said, thank you Austin, this is my first time in front of this many people I'm sorry well enough talk let's sing for ya right Austin? I smiled as i stroked the guitar pick across the strings, yep this first song is called, I f-ing hate you. After a few songs Wyatt started loving to sing and perform. When the concert ended we had thousands of fans. Me and Wyatt headed home, when we got there we

cuddled up together and fell asleep.

Chapter seventeen

We woke up the next morning all excited, and hoping the day would go well. It was my older sister's birthday and death day. I was sad and Wyatt noticed. Hey what's wrong, said Wyatt as he hugged me softly. I-I-I-it's my dead sister's birthday and this is the same day she died. He hugged me as he rubbed my back, I'm sorry, I will help you get through the day. I was tearing up and crying softly. Wyatt noticed and wiped my tears away and kissed me on the cheek, it's ok I'm here. I hugged him and nuzzled into his chest.

The phone rang. I went over the the house phone and answered it, On the other side it was a guy screaming for help and then the phone disconnected. I ran it through my computer to track the location and it was on the 1st level which is very hard to get to. I grabbed my pistol and Wyatt told me he's going and he grabbed his m16 and we left. It took us an hour to get to the 1st ring of h*ell. When we got there it was an old house like something you might see out of a comic book or a horror movie. But me and Wyatt wasn't afraid but we was concerned. We walked in the rusted but nice fence, and we got out our guns

and opened the door. And we found.....

Chapter eighteen

When we walked into this old house we saw blood stains everywhere, and a body laying on the floor with a phone. Wyatt went over and checked the guys wallet to look for the ID. Suddenly a figure showed up near the fireplace in front of us. You guys better leave or you'll be just like that guy there and then the figure disappeared. I went into my demon state and eyes turned black, and I said no. Wyatt looked at me and showed me his ID, ummmm Austin look. I looked at Wyatt then the ID and I gasped, this is one of the strongest guys in hell. Suddenly the door slammed shut, and the figure appeared again and looked more scary than before. Wyatt got into his angel form, and the figure laughed so a demon and a angel working together that's stupid and he laughed again. I snapped my fingers and he disappeared and was never seen again. I told the cops in h*ell that we didn't do anything wrong just checking into what happened. After the cops left me and Wyatt went home and fell asleep. But there was one thing that was hit me that day, why did that guy call me, and how did he know my number.

Chapter nineteen

Next morning I asked Wyatt if he wanted to go to a street race that I have tonight and that I'm in it. Wyatt said, sure I always wanted to see you race I heard so much about you I want to watch you maybe even be with in the car. I nodded and replied, sure why not the best experience and being in the action. But want to you want to want to do in till then?, I asked. He said how about going on a date? Then we can go see a movie, I added. He smiled really big and hugged me. Alright we better get some sleep in till then ok?, I said. So we laid down and cuddled then went to sleep. It was 3:00 PM and the movie starts in 10 minutes!!! We got up very quickly and ran to get dressed. I ran out and started the car and waited for Wyatt. Wyatt ran out and we only had 4 minutes to get there. He got in the car and I floored it. We got there as the movie was starting so I could consider us lucky. The movie was Beastars. After the movie was over I went to my hidden barn where my car is. A 429 Boss Mustang Stock build, That car is very fast it can go 50 miles in hour in 0.1 seconds. I showed Wyatt the car and his bottom lip dropped, and said. I can't believe you have this car this is the forgotten boss mustang. I laughed, want to know how much it costed me to get it up to this shape. He replied, yes please. It costed me one million dollars to get it up to this point, but it was worth every penny. He looked at me very confused, IT COSTED YOU ONE MILLION DOLLARS TO DO THIS

HOW DID YOU COME OUT WITH THE MONEY! He said. Well you see I used work time to do it, so I worked for the company that I got the parts off of but making them parts. He interrupts me, why didn't you just make the parts instead of buying them. Well honey there parts are better in quality than mine. He nodded and said, oh that makes sense. Yea well get in we're going to be late to the race.

Chapter Twenty

We was on our way to the race, we almost hit a deer but we missed it just in time. We arrived at the race and there was a lot of people there. I pulled up to next to a small shack. Well Hi demon ready for another race? Yes I am and I brought someone along my boyfriend. Ooo Lookie Lookie, but anyway any bets you want to make? Yes one hundred dollars to myself. Ok thanks, god speed and Chevy guy is here as well. That's good, I said. We met up with Chevy Guy and I said. Hey you why you in this race you might lose, and I laughed. He looks back, Oh hey buddy Hru demon? I'm good. Wyatt puts his hand on my shoulder, why did he call you demon? Because here we don't call anyone by each others names. Oh I see, said Wyatt. Chevy guy hugged us both and said, good luck but you don't need it don't ya demon and he chuckled. Nope I guess not, since I'm the best race car driver here, I said as I laughed softly. Let's get in the cars, said the announcer. We all got in our cars and started our engines. This race will start here and go all the way to the Elwood and back here god speed and good luck, said the announcer. Go!!! We all started to race as fast as we could. I was in the back waiting for the right moment to boost up, Chevy guy was right behind me and it looks like he's having a blast. Hey Austin why are we in the back?, said Wyatt. Well because it's better to be in the back and work your way up. As we was half way to Elwood and I put my arm out the window and waved Chevy guy signaled Chevy guy that it's time. I put it in 2nd gear and me and Chevy guy started to pass everyone except the person in first place with a Lamborghini, me and Chevy guy

started to tease the Lamborghini by honking and trying to hit him but we was an inch away. He went to the right and I had a chance I stuck it in 3rd gear and passed him and Chevy guy did as well. Wyatt was cheering us on and then the race was over. Then we went home.

The end
