Some random furry on Roblox (bees warm simulator) asked if they could "do insest" to me and I saw "ew bro gross" and this dude starts giving my avatar back shots so I say "what the heck is wrong with you idiot?" And 2 minutes later of running, I was kicked from the game and I got a 1 day ban. Reason: "What the heck is wrong with you idiot?"

I wish I reported him sooner. And why'd I get banned for calling him an idiot when he was being sus like that. And then he reports me for saying idiot? Seems like a setup.
