

Ur not-so-local Genshin fan is back!

Farmed Viridescent Venerer domain until I got tired of hearing the cicin mage FRICKIN MOANING every time I hit her. Back off Fatui scum, Kazuha is mine and the rest of my team are minors-

Anyways, Shit of farming later, I have too many Maiden Beloved goblets with Cryo DMG, Geo DMG, Physical DMG etc. WHY.

Also this is kinda random but did u know Kazuha likes to drink. But in moderation.

Also irl I just came back from a 10km+ walk with my class and a storm happened halfway through. Ofc took a shower after getting home. Am kinda sick rn so yea don't mind my bad handwriting. ~@st4rr1ght
