

You have the thing I love
But the fear in me is way too
much
If I open wide
One of us may get lost inside
Me or you, one of us is going
to...Need...To...Die

Do want you want
to do, what you
want to
Be what you want to
be, what you want
to
Go on and step on
me!

You belong to me
You're mine, all mine
We've got you
surrounded

Can you see your likeness
around you?
Can you feel a lightness
surround you?
Can it be so easy to drown
you?
Can it be that maybe they
found you?
