

# announcement - important!

just letting you guys know that I may not be active anymore after this school year ends - I made this account last year during 7th Grade on my School iPad and I'm now in 8th Grade and graduating soon (gonna have to turn in my iPad soon 😊) I'm going to try and download Notability on my personal iPad but even if I do I probably would post much less since I make most of my drawings during School. In the meantime, I'm going to keep posting as much as I can! (about 10 days left)

If you wanna keep seeing things from me once this school year ends, then please follow me on my Socials 😊
