

Comment below if you want me to write your name/username in fun/cursive writing!

Here's what to do:

1. Tell me what to write (this can be a name or a short phrase)
2. Tell me what colors to do (up to 4)
3. Tell me if I should do just cursive or my "fun" writing

That's it!!!

Please don't be shy! I can do ANY phrase (well, it has to be a somewhat appropriate. I can do things that may be subjective, but nothing flat out) as long as it's around 7-8 words or less.
