HOMEWORK

In this scene, Pippa's motivation is to stay alive. At 0:52, she stabs William, believing he was sick.

I tried to convey frustration and desperation. At 1:02, I use exaggerated hand motions.

Pippa's actions result in many characters' deaths, like 0:55 for example

By performing, I learned that Pippa is very selfish. In 1:46 we learn that she made everyone sneeze.

I could have looked up from my iPad more. At 1:02 I do a good job of this.
