Hey guys, quick little comment bcuz there has been some drama and im not gonna directly involve myself but here's a tip: If you feel like you need to leave or take a break for mental health or any other reason, **JUST DO IT!** Don't come back because some ppl on neta that you've most likely never met before want you to stay, it's **YOUR** decision, and also, if you don't want more drama/ mentally harming content, then **LEAVE!!!** Or at **LEAST** unfollow the ppl who are making you angry or smth. Idc if you're in the wrong or if the other person is, just don't involve ys, it's weird and childish, and if you do want to address the situation, try and be mature and see where the other person is coming from and try and **BETTER YS!!!!** Also, do **NOT** post inappropriate content/ encourage it and don't whine and cry when you get banned or get drama because if something **YOU** did that could be harmful to others! Keep those things to ys or post it on a place **MEANT** for older art! Ty! :)
