

Hi! I have a question for yall.

I'm in the middle of a book right now, as you might know.

And I post the "chapters" by making two different povs per chapter.

But, that takes a while and I'm wondering if you just want me to post one pov per chapter so I can post my chapters sooner.

Please tell me in the comments!!!!!!

By the way, it's taking me longer to get my chapters out because I haven't really been happy with how it's turning out... like I mean I'm not really happy with how I wrote the chapters because I had this great grand idea in mind and my writing is not doing the idea justice lol. So it's taking longer to post them since I keep on erasing and editing stuff. But I will eventually get my chapters out!

Also, I'm posting chapter 4 right now, but it's taking FOREVER to get approved :(
