

One, two

One, two, three

I've been feeling so small

Watch the clock ticking off the wall

But tonight I'm letting it go

Spend my coin for show

I'm gonna be myself

Or I could be someone else

No one's stopping me now

I'm gonna skip my breaks

I'm gonna make mistakes

I just wanna feel alive

It's just what I do when I'm out so

Try not to hold me down

Feel alive when I'm in this town

Look at those beautiful stars

I wanna drive a faster car

Nothing can break me

No no, nothing can break me

Try not to hold me down

Feel alive when I'm in this town

Look at those beautiful stars

I wanna take a trip to Mars

Nothing can break me, no, no

Nothing can break me

Look at those beautiful stars

I wanna drive a faster car

Lay my troubles to rest

Blow the smoke through my cigarette

City lights looking fine

And I know that this is my time now

I'm gonna be myself

Or I could be someone else

No one's stopping me now

I'm gonna skip my breaks

I'm gonna make mistakes

I just wanna feel alive

It's just what I do when I'm out so

Try not to hold me down
Feel alive when I'm in this town
Look at those beautiful stars
I wanna drive a faster car
Nothing can break me, no, no
Nothing can break me
Try not to hold me down
Feel alive when I'm in this town
Look at those beautiful stars
I wanna take a trip to Mars
Nothing can break me, no, no
Nothing can break me
Look at those beautiful stars
I wanna drive a faster car
I'm gonna be myself
I'm gonna be someone else
I'm gonna be myself
I'm gonna be someone else
I'm gonna skip my breaks
I'm gonna make mistakes
I'm gonna skip my breaks
I'm gonna make mistakes
I'm gonna be myself
I'm gonna be someone else
I'm gonna be myself
I'm gonna be someone else
I'm gonna skip my breaks
I'm gonna make mistakes
I'm gonna skip my breaks
I'm gonna make mistakes
Try not to hold me down
Feel alive when I'm in this town
Look at those beautiful stars
I wanna drive a faster car
Nothing can break me, no, no
Nothing can break me
Try not to hold me down
Feel alive when I'm in this town

Look at those beautiful stars

I wanna take a trip to Mars

Nothing can break me, no, no

Nothing can break me
