

Hiya my mochi's! I don't have my phone today so I will draw your oc's as a Afton!

@star_flower I need you to tell how you want your oc. Do you want a new OC that is dead like a Afton or do you want a OC that you made and I can make them look dead. I can also just keep your OC the same and not change anything.

@tomatohq you can join the Afton Family! I just need to know how's you want your oc. Do you want a new OC that is dead like a Afton or do you want a OC that you made and I can make them look dead. I can also just keep your OC the same and not change anything.
