Um, hey guys. I have a big Problem. I can't follow anyone and I can't do something Like change my profile or look how follows me. I will follow you back, as soon as I can. I hope the problem will be fixed soon. I'm soooo sorryyy \bigotimes By the way, I write the whole text without a translator. So don't be surprised why there could be spelling or grammar mistakes inside it. See you \checkmark
