

The "Math" Question..

Chapter 1

It was a great day at home, not having to go to school, but after a few hours of being home, I heard a "Beep!" On my school iPad, wait, it was from "Math Problem!" It was actually- weird, I never had that app before, Hm, after I decided not to do it, I kept getting notifications from the app. It was really getting on my nerves. Huh? Another? And it read, "Get in your lesson now! I'm waiting." After not agreeing to do it, another popped up.

"Get your practice going before it doesn't end well, Ellie." As I read it, I was scared, "what? No. It's an app nothing can happen, can it? Bahaha,
