After we ate, we went up stairs to my room. "I'll sleep on the floor" Apollo said. "No it's fine you can sleep on my bed with me, plus my room gets really cold somehow" I told him. "Fine I'll sleep next to you" He said. I laid on my bed and covered myself with my blanket, he laid next to me and covered himself with my blanket as well. I turned to him and looked at him. We both smiled at each, I played with his hair for a while, Apollo slowly lays his hand on my hand. I start turning red. What am doing I have a boyfriend! But to be honest I like Apollo more than Way-Len, I sat up and turned on my tv. He looks at me and I look at him, my hearts pounding and it feels like it's going to explode. I can't help but admire him and his smile, "I know you have a boyfriend… but can I give you a kiss?" Apollo asked me. I blushed and looked away. "I'm sorry for the weird question" He said. I felt bad so I turned around plus what can one kiss do? "No need to apologize" I told him. I sat on his lap and laid my hands on his shoulders. I looked a face "wait are you sure? You don't have to if you don't want to" Apollo said, "No, I want to" I told him. I laid my forehead on his forehead, we made eye contact and pulled our lips toward each other. We kissed for two minutes and pulled our lips apart. We looked at each other and laughed. "What are we going to tell Way-Len?" I asked Apollo. "Well, I don't know" he said. "Do you like me?" I asked. The room fell into instant silence for a minute, "Yeah, I really like you" Apollo finally said. I blushed "I like you as well, but Way-Len…" I stopped before I said anything else. "You can just break up with-"It's not easy to leave him" I interrupted Apollo with a heavy sigh. "It's ok if he does anything to you just tell me ok?" Apollo said. He pulled me close to him and hugged me tightly, I hugged him back and started crying. He rubbed my back "There, there, you're safe with me" he said laying his head on my shoulder. He laid down while hugging me I felt so warm. "How come you never told me?" He said. "Well, I just kept it well hidden" I told him. As he hugged me he slowly started to rub my back again. Laying next to him while cuddling with him was the best thing to have ever happen to me. He kissed my head. "Get some rest now" Apollo said. He pulled me closer and fell asleep. I felt so warm with Apollo keeping me close to him. I'm glad to have met him. But I still can't get over the fact that I haven't told my parents I'm gay yet. I'll tell them when I'm ready. I closed my eyes and went to sleep.
