

SPOILERSSSSS!!! WATCH THE MOVIES ON DISNEY PLUS IF U DONT WANT SPOILERS

Moments in both AIW live action movies that make my heart melt/ sink lol (mostly hatter n Alice 🥰🥰):

First movie:

Hatter looking absolutely HEARTBROKEN when Alice runs away to think abt fighting the Jabberwocky or not

Alice cupping Hatter's face n comforting him in that one scene OMGGGGGGGGGG

Hatter fighting Stayne for Alice

Alice going to get/ save hatter before doing anything else

The end after the futterwacken (you're gonna be flabbergasted when u watch the clip) when hatter asks if Alice can stay and he says she won't remember him makes my heart melt AND sink

AND THEN HE GOES UP TO HER AND SAYS "fairfarren Alice" In the CUTIEST PATOOTIEST WAY AAAAA

"The hatter wouldn't give himself up for just ANY Alice"

The balcony scene where they're talking and Alice says "I'll miss you when I wake up"

Alice realizing the whole world is real and immediately mentioning the hatter

"Why is it that you're always too small or too tall?"

When the hatter n friends return to the palace and ALICE WALKS RIGHT UP TO THE HATTER LIKE NOBODY ELSE EXISTS AAAA

Just a little thing but Alice on hatters shoulder was kinda cute lol

Second movie:

Hatter calling Alice "My Alice"

Alice just being so sad when hatter is sick ;(((

Alice REVIVING THE GUY AND THE WAY HE SITS UP AND LEANS CLOSER IS JUST AAAA

AND THEN THEY HUG

Alice putting hatter's old paper hat in his hands when he's sick 🥺🥺🥺🥺

Alice saving and finding hatter's family and sounding so excited

THE HUG AT THE END AND THE WHOLE THING ABOUT THE PALACE OF DREAMS N STUFF MAKES ME WANT TO CRY

The wise interactions between Time and Alice when Time gives Alice advice

Hatter being an absolute cutie when Time is around lol

THE DAD SAVED HATTER'S LITTLE PAPER HAT AAAAWWWEEEEEE

The way the dad throws himself in front of the family EVERY TIME

The way Alice yells "hatter!" When he gets frozen by that weird rust stuff that comes from time breaking?

ldk what it is but I thought i should include it
