

Economic Systems Souvenir Shirts

Directions: Imagine that you own a touristy gift shop in Latin America. Design fun & creative t-shirts to sell that showcase each country's key economic details. Include information about the country's system, freedoms, regulations, etc. Next, write a brief description of each country's economy in the textbox.

MEXICO

Mexico's country system reflects a blend of rich traditions, democracy, and governance, showcasing the nation's cultural diversity and regional contrasts. While freedom is a cherished aspect of Mexican life, it's regulated by the government, creating a dynamic and evolving society.

CUBA

Cuba operates under a system that places significant emphasis on government regulations to ensure social equality but with limited personal freedoms, which can be challenging for its citizens. This balance shapes life in Cuba.

BRAZIL

Brazil has an intricate system that combines personal freedoms and necessary regulations for societal order. This unique balance defines the country's way of life.
