

yall have to listen to me on this one... (also please do my polls, i really need them)

okay so... do you want a better looking screen on notability? welp, todays your lucky day! here ya go:

- 1. go to settings**
- 2. click on themes**
- 3. turn off colorfull subjects**
- 4. click on summer, winter, fall or spring then look at the color of your screenchange and the icon of your subjects!**

 things i have posted

cool right? oh also, the botanicals work too along with the grape and those ones :)
