

today was a horrible day. i mean i told 1 of my best friends my biggest secret, it brought back horrible memories.

like HORRIBLE memories. (i only tell those im really close with on here cuz i really dont want anyone / everyone knowing my business. meaning

@Snekko, @Straykids_staykid, @ii_fuzzymushroom.) then my fingers bled awesome, right? then realized i had a horrible grade in

math my other bff wont talk to me. Shes getting mad @ me cuz "im spending more time w/ my gf, then her." you dont even wanna know how

many times i said i love you both equally, im not trying to replace anyone. for the amount of times i have to sit through that is overwhelming. like i love

my gf but i also love my bff's i dont wanna lose any of them. im alive bc of them but no it's always "your replacing me." Or "stop ignoring me when

your with her." like im not doing any of that. we're together BECAUSE OF YOU. the reason we found out we liked each other, was bc of you.

but now your saying "i dont like you two together. you guys are ignoring me." if its that big of a deal, want you to get me / my gf, talk

to us as a group. am i in the wrong 4 liking a girl? am i wrong 4 liking 1 of your best friends? im sorry if i am, but i like her. im sorry

if you dont like that. idc what you think abt it, what you should say is i'll be there for you. i was there when you dated JH. you knew i didnt like

but i was there anyway bc you truly liked him. just like how i like her. i wouldnt act like this. but im not gonna go any deeper w/ this. i'll see y'all

tmrw, remember SOTD is in my bio. ALSO remember, i love you! bye bye! ♥
