

Sssamcatt, can you stfu? Vixen knew they were dating. It's also weird your 16 dating a 13 year old, even with him turning 14 soon, it's still illegal. Lia and I did nothing wrong. It shouldn't be an issue when we don't like a horrible person like vixen.

Qibli, all you had to do was apologise and acknowledge what you did was wrong or just break up with psy_ch0 when you started. Your friends were even trying to support you on the post and you were nothing but rude to them.
