

battle of the ocs round 12 is under review for who knows what. and the winner of round 11 is being investigated. Yes, investigated bc of @galactic\_pablo. He may be punished for a really confusing voting fraud so both of these notes may not be posted until tomorrow. Sry people. I'll figure it out and fix it as quick as possible. Battle of the ocs has been such an success bc of you guys. I don't think you guys know how much this means to me. Hosting a popular contest, gaining 50 followers pretty darn fast and just getting to know you guys even better. If you want to read my explanation of Pablo's voting fraud, open the full note

Okay, explanation time. Pablo voted on round 12, nothing weird about that. But he will make account with fake emails and follow specific people. So i saw a lot of votes of accounts with no pfp or bio. Those accounts also followed specific people. One of those people being me, he also created an alt? For some reason and he asked if he could vote on his alt account and to all of you who might do it  
AND PABLO NO YOU CANNNOT

Goodbye :)
