

My mom + my dad  
have stones of a  
terrorist group in  
their home country.

One day my dad  
+ his dad and another  
guy from their tribe  
were travelling (by foot).  
They decided to rest,  
a villager let them in  
to sleep. They soon found  
out that all the villagers  
in the village were  
cannibals (cannibal tribe)
