

Bro...

I forgot today was my moms birthday

And I just started feeling better

So I still wasn't able to go to her party

At my grandmas house but when she got back

She told me that she got \$1400

I'm like bro what?!

And in my head I'm thinking about target.

But she was like no your not going to target and I'm like why?

And she's like because your gonna spend all of the money in 5 minutes

I'm like yeah that's true
