

Drammaaaaaa

Ok my drama update soo you know how I'm dating

Blue (my bff) well it's going great we have been holding hands hugging it's been so cute it was are one month on the 9 so but there's one small problem so I used to date this guy named red u remember him well he's been talking to me a lot and when ever I'm with blue he talked what me and him were like when we dated and that we only broke up bc of my parents bc he didn't want to hurt me stuff like that and was so uncomfortable and so was Enzo I felt so bad then then he started talking about how he has this girl that's obsessed with him and how he has broken up with her so was like WHY ARE YOU TELLING ME THIS I DONT WANT TO KNOW ANY OF THAT. Then blue asked if he could change the topic. But he keep on talking with me was on crutches for the past 2 weeks and blue helps carry my stuff to class and one day I brought my lunch to class bc we were watching a movie and blue grabs my lunch box but I felt bad bc he had so much stuff to carry and then red was like here give me your stuff I'll carry it.

Blue was like no I got it he grad all my stuff and took it to class but red has been acting so weird

And I'm off of crutches I'm so happy to finally be able to walk all though I'm not fully ok I'm going to physical therapy but I can play softball ball my first game is today im so excited coach is thinking of making me captain to fingers crossed
