Rules for my account/my comments section!!!

1. It's family friendly! No cussing, no body shaming, and especially no cyber-bullying!! It can harm peoples mental well being and eventually end up badly, for example, self harm, suicidal thoughts, and more. So no cyber-bullying, it hurts people.

2. No roasting people. Roasting people can end up into fights, they can end up meeting up in real life and have a fist fight. So it causes horrible problems! Especially ur mom jokes! Just be nice to others.

3. Be yourself. Being yourself is better than acting like a 16 year old when your actually 60 years old. Just be yourself, if you wont be yourself, just leave then! We don't need creeps on this app.

4. Don't lie! Lying is disrespectful. It hurts feelings! So don't do it. People can really trust in friends! So don't do it or your losing a big part of your life!

5. Be there for others. If someone is struggling in the comments, be there for them! Support them, they probably just need a virtual hug!

Thanks for reading this!!
