

Hi everyone, I just want to let you know that I trace as well. I do it to learn the patterns and shapes and also because I love the way it looks. I know everyone is trying to expose people but lay back a lit bit. You don't know what's happening in someone's life. Maybe the only time someone finds peace is when they draw in notability. I trace sometimes cause I am tired and I just want to make something cool. So I am saying this now, please know there are plenty of people tracing and it may not be for the reasons you think. Please understand this message and know that it's ok. We like posts because they look or cool or whatever and it doesn't matter if you trace unless you claim it as your own work. In a few of my earlier posts I said that I got them from a photo which was right so pls don't judge because of this and be good to people instead of being toxic. I hope you understand.
