

Hey, I'm taking
a small break— want
to read all the new
comics I just got, need
to clean/organize a spare
room, want to do my own
thing for a bit, and I do
NOT have the motivation
to draw right now.

After I'm back, I will try to do a 30
follower special thing-y.

Sorry.

(also I have quite a few video games
I would like to play/other things I
would like to focus on!)
