So im not fully leaving (like ill still rarely check up) but im still gonna be gone :( Theres been alot of acusations about me tracing - IM NOT- but its really annoying to have to keep explaining and i really dont have time anymore. Last year i was homeschooled cause of traveling and i had alot of time to draw on here but now im back in school so its not the same 😭. I really love all yall ♡ (especially all my besties on here) And i really have appriciated yalls support! Ive been through alot on here : The @sup123... drama , being banned by him, losing 400+ followers bc of being banned, and just growing through my art with yall ♡! Im so sorry!!! (ill try to make art on occasion) Love yall forever and ever!!!!
