

Hi!! Daily Random Fact

drumroll

Number 1!!!!

-dunno why I did that... Anyways!!!

ur fav
reindeer,
Rudolph
(the girl)

Rudolph the reindeer is actually female

It can be observed through the antlers, female deer shed their antlers in the spring and grow them back into full size by winter. The male reindeer stops its growth during the winter.

Shocking! Welp, hope I didn't ruin ur day...

Hehe
