

Shower thoughts! (Feel free to add more)

If we are all bodies and mostly water then we are bodies of water.

If you drink cold water it's considered normal, but if you drink warm water it's considered weird.

Are hotdogs sandwiches or tacos?

Swimming pools are just people soup.

Sleeping in dreams is just your brain wanting extra sleep.

When we're kids we always wish to grow up, but adults wish to be a kid again.

Having battle scars seems cool but in reality they just mean you sucked at fighting in that battle.

We inhale dead skin cells everyday so in a way we are eating each other every time we inhale through our mouths and then swallow.

Somebody loved worms so much they decided to make a candy version of them.

We love teddy bears but are usually terrified of bears in real life.

Everybody who says they want to go to space is already in space because the earth is in space.
