

# NO ERASE CHALLENGE

## RULES:

1. You can modify solid shapes like this → 
2. You CAN NOT erase anything
3. If you color in something, you CAN NOT erase it
4. Basically everything you put on the page you can't erase.
5. You can move stuff with the lasso tool
6. Go ahead and cheat, the fun is in the fact that you participated in the challenge without cheating
7. DO NOT CHEAT

There will be no winner this is just for fun! Try and see your ability to make art without erasing it.

So yeah if you cheat and erase stuff, you won't have fun. You'll know on the inside today you're a liar and a cheater.

I accidentally pressed undo a few times 😬  
without thinking but other than that,  
erase was never used

I Tried!  
I'm sorry!
