

how to draw....

NEZUKOS KIMONO PATTERN

by : crybaby
queen[☆]

STEP ONE

Straight

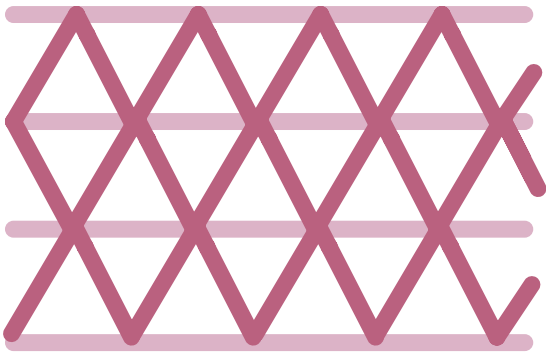

Curved

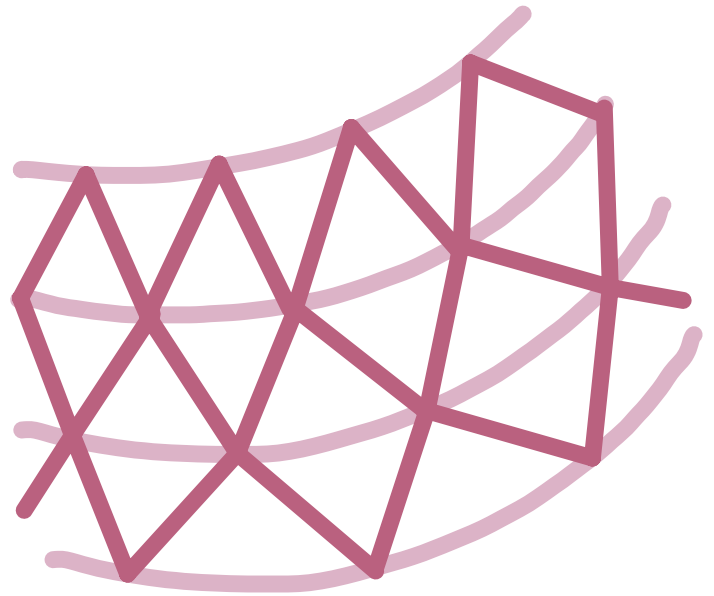

draw however many lines
you need to cover the entire
space where you want the
pattern (I used 4 for example)

STEP TWO

Straight

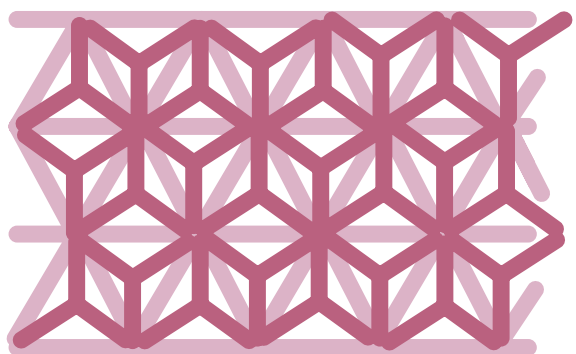

Curved

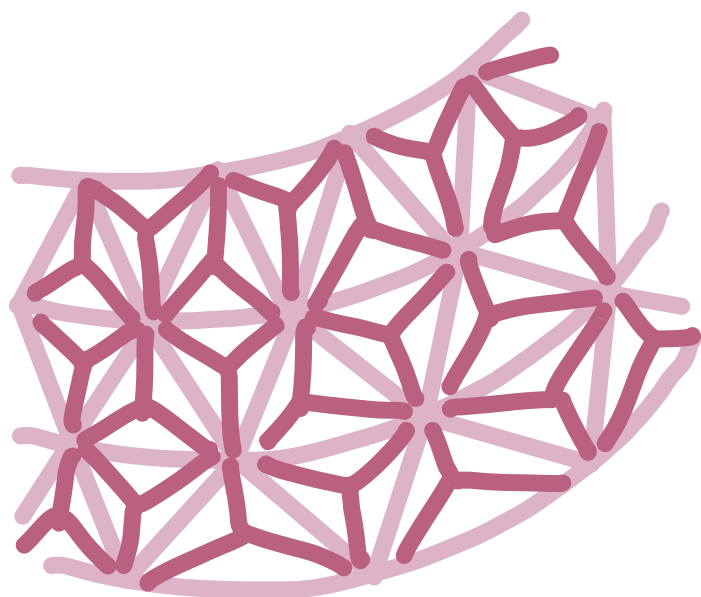

draw a bunch a triangles
(you may need to stretch them
to fit the curved lines)

STEP THREE

Straight

Curved

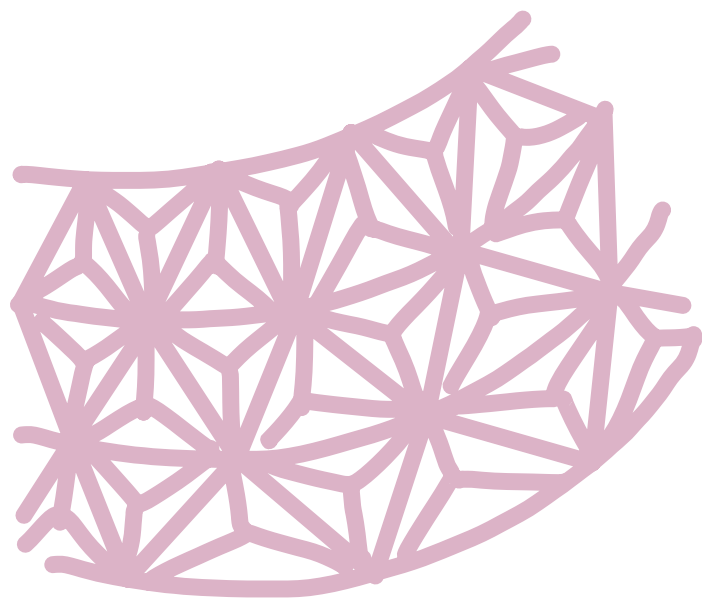

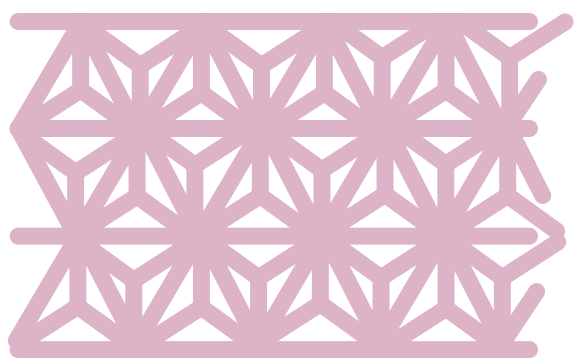

split **all** your triangles into even thirds

↑ upside down as well demonstration

→

ALL DONE

I hope this tutorial helped atleast one person and I would love if you guys told me your results in the comments -bye luvs <3
