

Hi guys, I see a lot of people having like a subject name for their followers and that's a cute idea so if you want you guys can vote on names and I'll choose. I have some ideas below but you guys can suggest some things too.

1. Roses (I'm not sure how I feel about this but I kinda like it)
2. Eyes (since the account name is @eyera_the_arts but I don't really like this)
3. Sunflowers (I love how this one sounds but I think I've seen someone else do it)
4. Eyeballs (do I need to explain very much on why I don't really like it? If I do, um, it would be like "hi eyeballs, blah blah blah" but (no offense) it sounds kinda eerie)
5. Pawprints (love hate relationship with this option)

Anyone else come up with something in the comments
