

you're a dumb blonde

you're too mature

eat less

I'm such a loser.

I don't deserve them.

True love is a myth.

I'm going to die alone.

don't act like a boy

stop making boys like you

you're a nerd

I deserve all the bad in my life

My future is empty

i can't change anything

I hate who I am

I'm not talented

People only pretend to like me

I can't do anything right.

you're a cookie cutter.

you're so basic.

you're just... there.

you're so average

you're regular.

don't show off your voice

you

blend

in

perfectly

eat more

you're too smart

you're beautiful

you are

a good

friend.

get a life

you're so immature

your friends probably hate you

eat healthier

you are funny.

you are talented

you have so much acne

you're so weak

you sing horribly

you're smart.

you love yourself.

you're ugly

your hair is so oily

no one likes you

you're so fake

you're too thin

you're too fat

you should play sports

wear makeup

stop smiling so much

no boys like you

trust people

smile more

stop changing for other people

you need to change
