

So I'm making this world called Council of Taiyoukei. It's a world run by Gods and there's lots of lore in it sooooo if y'all would like more sneak peaks of it just let me know.

This is Solis, Goddess of the Sun and the ruler with her wife Selene in Taiyoukei. She is a supreme god and mother of three. She is very energetic and Selene is the exact opposite. Someone get Selene a cup of coffee ☕
