

Guys, I got my acc back from P Diddy. He hijacked my account so he could talk to min0rs on Nota. We do NOT accept him into the gallery family, and I'm so sorry for everything he said to you guys. It was like EXTREMELY bad and if you feel unsafe and scared you can talk to me. I'm so sorry I let this happen, I take full responsibility for what he's done because he used MY account for his awful interests. Again, I'm so sorry and I won't let this happen again
