

Would you all be interested in a QnA?

More specifically, one for questions about our system, and the DID/OSDD experience in general?

Also, if there is enough demand, we'd be willing to allow for you to ask specific alters rather than the whole Chiaroscuro Collective. Like for example, if you would like to ask **Shadow** a question, rather than all of us. Of course, we'll let you know who's available to answer alter-specific questions!

As for rules and guidelines, I'd have to ask the others. But obviously, rudeness will not be acceptable.

Thanks for reading! Remember to take care of yourselves!
