

His Backstory is that he grew up in a rough side of town and one day on his way to school he got cornered by a gang but what they didn't know was he had venomous barbs in his wrists. Half of the gang died of poisoning and the other half left badly injured and poisoned.

With new found courage he dropped out of school and even though he never graduated he proved himself to be very smart and resourceful. He made a new gang with some of his buds and grew to be one of the most strongest and intimidating gang which he called the Cobra Mafia.

That the back story for Ghost. Hope you like it, I just came up with this on the spot so it's not the best
