

OKOKO so for those who asked and if u want to read it thats chill too, but
HOW I ASKED HIM (Tyler, my crush, shawty of my life, man I be down bad fr for, dude I
drew a little while back) OUT 🍷🍷🍷🍷🍷

Okok, so I was feeling good today for once in my life and since it had just been the weekend and I hadn't seen him, for two days lolol ik so long, lol, but when I saw him today IN THE ONE CLASS WE HAVE TOGETHER LOL, I was really happy, lol, and during class, I found out that track practice was canceled for tomorrow meaning that I was free after school tomorrow. So I was thinking maybe I can ask him if he wants to hang out. So I turned to him and he wasn't looking at me but I got nervous and then looked away and then I ran to my friend who has also been my wing man and emotional support and confidence booster lol, and i was like "BRO Im feeling good, here I go im gunna do it im gunna ask him out," and he was like yeah u go u got this blah blah blah, and then I started walking back to him AND HIS FRIENDS WERE AROUND HIM AND I WAS LIKE BRUH, NO WAY IM BOUTTA ASK HIM OUT WITH HIS FRIENDS RIGHT THERE. So I went back to my friend and he started teasing me calling me a scaredy-cat but the OTHER NOT SO NICE word for it, and i was like quack u and stuff but I didnt actually say quack I said the other word for it that starts with f and ends with -uck ... fire truck 🚒🚒, kidding lol u know what im talking about ANYWAYS, he friends were miraculously gone and so I just tried to tune out everybody and focus on him as I walked to him wich felt like forever lol and he looked up when I was a couple steps away and I pointed at him and he looked down real quick and i was like "dont look down" AND MY DOM ASS DECIDED TO GRAB HIS CHIN, *cough* well that happend and his eyes kinda widened and I let go, not quick enough to seem embarrassing but enough so that it seemed natural and we glazed by that part, and then i was like "u free tomorrow after school?" And he was like LOOKING RIGHT INTO MY SOUL "what, you trying to hang out?" AND INTERANLLY I WAS LIKE OMFG OMFG OMFG CRYING SCREAMING ROLLING AROUND ON THE FLOOR. But externally i was like "yeah, so you down?" And he OMG HIS SMILE AHGHFHDKJDJFK, he smiled and was like "always as long as its with you" and my heart legit exploded and I fell over and had a seizure and they had to call an ambulance. All INTERANLLY ofc 🤪, but I was so happy i was like "cool" and walked back to my freind and he crushed me in a hug and told me he was proud of me like he was my dad or some shit lol, but yeh, if u made it this far
GOODJOB here cookie 🍪
