

Living the Golden Experience

My life too lit, it's delirious

I keep that star on my back

Look at my face, can't fear shit

Built to the top like a pyramid

My lineage lit and it's serious

Bring the beat life like Giorno

Young gangstar flip the kill switch

JoJo Pose, Pose, Pose

JoJo Pose, Pose, Pose

JoJo Pose, Pose, Pose

JoJo Pose, Pose, Pose

Are you sure you're not an enemy stand user?

Arrow to the knee, can't stand niggas

Gangstar gang moves, bands get bigger

Rock, paper, scissors my hands to different

Move like Bruno, might dip in a zipper

Shooting shots, Purple Hermit put you in the picture

Shooting shots, gun loaded, feel like Mista, uh

I'll be with my dog like Iggy

Avdol might set fire flame with me

Still came with the water bitch I feel like Misty

Waifu with me, she miss me, she kiss me

Got her breathing like Hamon

Murder murder muda muda, beat it come on

Lisa Lisa love me lots with the glove on

Slay a stand let the requin run on

Look at my face can't fear shit
