Hi there I'm bored and don't know what to draw and have been playing Roblox all day so anyway, does anybody have suggestions of what I should draw, reminder I can't really draw people and I would not like to draw a furry today, they are just not my style also I can do objectheads/weirdcore or just stupid doodles

Also this tiny demon is me:D Just in case ya didn't know

Also color doesn't matter it's still me lol
